PROTECTING OUR MEMBERS

The Virginia REALTORS® Board of Directors adopted a 2019 dues increase of \$35, with an additional \$15 increase for 2020, and 3% each year thereafter.

- ▶ The Virginia REALTORS® Board of Directors has sustained Association operations and delivery of core services without a dues increase since 2010 through prudent fiscal management and, in recent budget years, the use of excess (undesignated) operating reserves which had accumulated due to successful reserve investment strategies.
- ▶ Dues increases were discussed openly during Board and Budget Committee meetings in 2016 and 2017 with a final Board decision being made in 2018 for an increase beginning in 2019. This increase accomplishes the following:
 1. **Preserves the Association operating reserves** at the level of six months of operations and maintains the Issues Mobilization, Legal Action, and Building (Capital Replacement) funds at current levels.
 2. **Sustains, and indexes to inflation, the funding of existing core services:**
 - **Advocacy** – Protecting our members’ business interests and the property rights of all Virginians in the legislature, regulatory bodies, and the courts.
 - **Legal Resources** – All-Member Legal Hotline, videos, podcasts/webinars, and education delivered at local associations and our state association conferences.
 - **Support to Local Associations** – Core Standards support, direct grants for local programs, AE resources, education delivered at local associations (legal, GRI, Professional Standards), assistance with Professional Standards hearings, the AE Conference, Local Leader programs, etc.
 3. **Expands three key strategic goal areas** based on an updated Strategic Plan:
 - **Economic Advocacy** – Adding our influences and resources to bringing business and jobs to Virginia with the ultimate goal of more business for our members.
 - **Success Tools** – Providing more resources to help our members succeed through our conferences, events, and subscriptions.
 - **Broker Engagement** – Increasing the level of professionalism by providing more resources and education to supervising brokers and firms.
